### **NEWS OF HORSES** AND HORSEMEN

The North Carolina Agricultural Society Fair.

IT WAS A GRAND SUCCESS.

Charentus Beats Imp in the Empire City Hand cap-He Run 11-4 Mites la 2:04-The Deep Run Hunt Club Meeting.

The fortleth annual fair and race-meeting of the North Carolina State Agricultural Society, held at Raieigh, October 22d to 27th, was one of the most successful in its history. Favored by liend weather throughout the week, the attendance exteed d expectations daily, but on Thutsday highwater mark was reached, and probably exceeded, as close to 25,090 must have passed through the gates. President Charles McNamee, Secretary J. E. Pogue, Assistant Serretary and Treasurer C. B. Denson and their associates certainly had ample cause to feel slated, and were the recipients of numerous congratumitions. The exhibit, of agricultural and mechanical products, live stock, and the like were not only of the The fortieth annual fair and race-meet egricultural and mechanical products, and the like were not only of the highest order, but on a grand scale, Great farms like Bätmore, Occonecchee, and others made a showing that was marvellously good. Secretary Denson, who d votes his time to the society, was re-riected to the his position, which was received with general favor. Fewer horses, both runners and those of the harness variety, were to be seen on the received with general layor. Fewerhorses, both runners and those of the harness variety, were to be seen on the
ground than for some years, which was
accounted for by the fact that other
metings were in progress at the same
time, and that the number of horses in
training now is smaller than for some
seasons past. The speed department
was, as for several years past, in chargo
of Mr. W. C. Mackin. The best prospect
seen during the meeting was uncovered
in the 4-year-old chestnut mare Eliza.
Ingram, by John R. Gentry, out of the
Leland mare, Blondette, the dam of
Governor Holt, 2:15. In the 2:30 trot
and pace on W doesday distance was
waved and Chaiman sent the speedy
chestnut gelding Defender, owned by
Captain James N Williamson, Graham,
N. C., for a record. The races began
on Tuesday, and were finished on Friday.

and Decanter second choice at 7 to 2.

They were off on the first break to a
good start and imp and Potente made the
running head and head for a mile, when Imp drew away and showed the way around the far turn and into the stretch by an open length. Potente dropped back beaten and Decanter and Charentus challenged. The latter gradually crept up to even terms with the mare at the last fur-long pole and a hard drive to the wire followed. Pink Coat raced through in the stretch and took show money, a length

stretch and took show money, a length behind Imp.
Charentus, who is a six year old bay gelding, by Imp. Charaxus, out of Contenta, by John Happy, was bred by the late Major R. S. Tucker, Raleigh, N. C., and has been little less than a gold mine to his owners during the last three seasons. Twice has he beaten Imp and that famous daughter of Imp, Wagner and rolding ranks as one of the greatest mares the turf has seen.

The brown mare, Edna won the 2:20 class, trotting, at Frederick, Md., on October 11th, and lowered her record to 2:26 1-2 in the fifth and deciding heat of 2:25 1-2 in the fifth and deciding heat of the race. She won the first and second heats and was second in the third and fourth. Edna Stevens is seven years old, and was bred by Mr. L. Banksholt, of the Alamance Farm, Graham, N. C. She was sired by Esperanza, the son of King Wilkes and Englewood, sister to Wedgewood, 2:19, and her dam is Lou Graham, by McIville Chies from a mare of untraced breeding. Lou Graham, who was bred by Mdville Chies from a mare of untraced breeding. Lou Graham, who was bred and is now owned by Mr. Holt, is also the dam of Maid of Alamance, a chestnut filly, three year old, by John R. Gentry, that is regard d as one of the best prospects at Alamance. Maid of Alamance is a pacer and was foaled in December 1886, her dam having been bred to Gentry, in Lanuary of the same year, which try in January of the same year, which was but a few weeks before the great pacer was sent North and sold by Mr.

The bay mare Codeine, who started in the 2:50 trot and pace at Raleigh, and won the first heat in 2:28 1-2, her present record is five years old and was bred by W. E. McAfee, Shelby City, Ky., and foaled the property of John Wright, of this city, by whom her dam was purchased while in foal and is still owned by him. Codeine was sired by Judge Toney, dam Georgie M., by Lyle Wilkes, second dam Hoarhound, by France's Alexander, third dam Ernesta, by Pacing Abdallah, fourth dam the noted old-time campaigner Ristori. 2:31 3-4, by Volunteer. She is the first standard performer to the credit of her sire Judge Toney, who is a full brother to Hustler Russell, 2:12 1-4, the sire of Rustler, 2:15 1-4 and other good ones. Codeine passed as a yearling from Mr. Wright to George D. Bennell, Goldsboro, N. C., who sold her to her present owner, W. H. Dall, Jr., Greenville, N. C.

A meeting has been called of all who are interested in the formation of a Speedway Association to be held at Murphy's Hotel next Thursday night.

The idea originated with Messrs, W. Bailey Saunders and H. Claiborne Epps. Mr. John J. Murphy is also interested in the project, and these gentiemen, with others, think such an association can be organized and maintained in Richmond.

mond.

There are several humired people in Richmond, owners of speedy trotters and pacers, who would be glad to take part in the organization of the association, believing as they do, that a good road or speed-way should be made near-this city for fast driving and to be maintained after the manner of those in Philadelphia, New York and Braoklyn.

York and Brooklyn.

All who desire to discuss the feasibility
of the project are invited to meet at Murphy's next Taursday night.

Mr. Geo. D. Bennett, Goldsboro, N. C., has sold to Mr. James W. Bryant, the well-known banker and railroad man, of New Berne, N. C., the eight-year-old brown stalllon, Rapid, 2:22 1-4, by Hustler Russell, dam the famous broad mare Rapidan, dam of Lockheart, 2:08 1-4, etc., by Dictator, second dam Madame Headley, dam of Expert Prince, 2:13 1-2.

Rapid is a very handsome horse, of fine

ley dam of Expert Prince, 2:13 1-2.
Rapid is a very handsome horse, of fine size and few can outstyle him in harness. The sox of Hustler Russell will be driven on the road by his new owner and should make a grand horse for that purpose.

The chestnut gelding Defender, 6, by Gregorian, out of Neily Rufiles; by Melville Chief, who paced to a record of 2:19 1-4 at Raleigh, is the second of his sire's get to enter the 2:20 list this season, the other being Glencee, 5, who is also a chestnut gelding and a pacer, and his dam, a mare, called Allie B., was likewise sired by Mevilla Chief. Gregorian is the premier sire at Alamance Farm, Graham, N. C., and both Defender and Glencee were bred in that vicinity, the former by Captain James N. Williamson and the latter by James P. Kerr, then of Graham, but now of Blitmore, N. C. . . .

At the Farmer's Fair Association races held here recently, the eight-year-old bay gelding Marian Craig, reduced his record of 2:21-14, made in 1896, to 2:25-1-4. Marain Craig is owned by the Smyth Brothers, of this city, and was sired by Nuthurst, dam Mistake, 2:29-1-4, by Marshall Kleber, second dam the great brood mare Lady Yelser, dam of Don Pizaro, 2:14-3-4, and others.

BROAD ROCK.

Mathews County. Deep Run Hunt Club. Gentlemen riders. Catch weights. Over three jumps of four fect three inches high. Performance only to count. Cup to become the property of the winner.

A big crowd turned out for the opening day's racing of the inaugural meeting of the Empire City Jockey Chuo at Yonkers on Monday last. The track was lightning rast, a new world's r cord for a mile and a quarter over a circular track of 2:04 being hung up by Charentus in the Empire City Handicap. This race was the feature of the day. Seven horses faced the starter, with Imp the favorice at 6 to 5.

When it was announced shortly befor the Thomas lectures were to be delivered at Richmond College that Dr. Mable was the coming man, or rather the man who was coming to deliver them, the people were pleased. Thy had heard Dr. Mable before, and they knew just how delightful he was as a speaker, and they wanted to hear him again. But there was another high-handed design-they

wanted Dr. Mable to hear them-and he

Dr. Mable doubtless wasn't looking for trouble, but it came his way. As Associate-Editor of "The Outlook," he was in a large measure responsible for that unpleasant article that appeared in his amagazine—"The Richmond of To-day" by Lillian W. Betts; and he was likewise responsibe for the non-appearance of the replies to that article, sent to The Out-look by some of Richmond's representative

people.

Richmond was in a state of righteous indignation over the article. It contains, to be sure, just that provoking grain of truth, but it was only a grain. The mistake that Mrs. Betts made was in her title. It should have read, "The Richmond of Yesterday," and a far-away yesterday at that. She seems to have been capable of seeing only the disagreeable things of this city. Her glasses must have been peculiarly dark-colores, and a great many people were not bishful in telling Dr. Mable what they thought of it ail. And he declared that it was a of it all. And he declared that it was a most unfortunate thing that the article was ever published, and he was heartily sorry for it. The Outlook is a magazine that it would

be well to have in every household.

It is always up to the high standard it claims except that it declares itself to be perfectly impartial, but to an obseto be perfectly impartial, but to an obser-vant reader it appears often very biased. The South is either very harshly judged or entirely ignored. In a recent number in giving some account of the Bankers' Convention, the fact that it was held in this city was entirely left out and no mention whatever was made of Pithmoon! mention whatever was made of Richmond mention whatever was made of Richmond. It is a little thing, to be sure, but it is the little things that count.

It is to be hoped that Dr. Mabil's Impression of Richmond, since he has been knong her people will not coincide precisely with that of Lillium W. Betts.

It is well known that slang is not considered by write algorithms.

Thrase of the moment "wouldn't that jar you." is one of the most helpful we have yet had to fill out a vacancy in one

ocabilary.

The force of this bit of vernacular was

the Ly vocabulary.

The force of this bit of vernacular was evidenced Monday evening at the Lyceum lecture. The thing that was out of tune was very small to attract any attention, no larger than a peanut, and that was way up in the third gallery. Probably the young man who brought them thought that it was in the eternal fitness of things that in the peanut gallery, peanuts should always go along. But who ever heard of such a thing at a Lyceum lecture? The house was intent on the speaker. The quiet of deep interest reigned.

reigned.

At every outburst of oratory the peanut hulis gave forth a crisp, crouching sound, that was heard distinctly even in the boxes. Now, when Mr. Ernest Seton Thompson was here there was some little excus. When at pinn tells you he is going to show you the animals, why, it is suggestive of a circus, and circuses and peanuts always go together. But when a man is telling of the glorious life of Ruskin and filling you full of the beauty of his message to the twentieth peatury—then to hear the cracking of stury-then to hear the cracking of

peanuts-well, "wouldn't it jar you?"

"Have you read 'To Have and to Ho'd ?" said the smallest one. "Not yet," was the answer. "Well, you just ought to; it's a peach! Scrappy from beginning to end"

it to be seen. Shirt-walst, all washed out, shrunken-so they are as uncomfortably as they look. See that leg-horn hat with pink roses. Dejected-looking, isn't it? Held its head mighty high two month ago. But what can we do when a velvet hat feels like a too on the head?" With a disdainful look in the window that answered the purpose of a mirror, she

Ther, were two mighty embarassed peo-ple at Eba Station one evening last week, and it is hard to tell whether the man and it is hard to tell whether the man or woman was the more uncomfortable.

She was going North on a visit to friends and, remembering that first impression count for a great deal, had worn her new grey tailor-made suit "with hat to match." She only needed a young man alongside, to be taken for a bride and just as it chanced, he happened along before the train came in sight.

He was a married man. One of the kind who suffers from jealously—the jealously of his wife. It is her besetting sin, and it is impossible for her to understand that any other woman could be thrown within the radiance of his presence and not at one; melt into the ad-

ence and not at one; melt into the admiration that she herself possesses for all his wonderful attainments.

He knew the girl in grey and promised her home people to take care of her. She had a brother along to see her off, not the proceeding would be proved by the proceeding to th

the proverbial small brother, but he wasn't too big for a joke. He knew his sister was easily embarrassed. He knew the man was afraid of his wife's jealousy. the man was airid of his wife's pealousy, so he darted across the street and came back with a large bag of rice. The car was filled, and just as it started off, the rice was thrown on them, and the big boy yelling, "Take good care of my sister! Be good to her!" created enough amusement to make the poor man wonder who was relies to the horizontal pealouse. who was going to be mean enough to tell his wife before he got a chance to explain.

A Fine Public School,

Emporia High School is now in the midst of the most prosperous sessions in its history. The increase in scholars makes history. The increase in scholars makes necessary that the building be enlarged and improved and another teacher added. Mr. William L. Prince, of Sussex county, a graduate of Richmond College, is principal of the school. The assistants are Misses faura Briggs, Minnie Lifsey and Anna Belle Powell, daughter of the Commonwealth's Attorney of Greeneville county. The standard of the school is fully up to that of any high grade academy. The school is supported and patronized by

school is supported and patronized by Emporia and Greenesville county. Many scholars from that and other countle-board with private families in the town during the session to attend the school There are now one hundred and five sty dents enrolled.

(Special Dispatch to The Times.)
PETERSBURG, VA., November 3.—Th

## GOLF THE GAME OF THE SEASON

Marked Improvement Shown in the Fall Tournament.

SOMETHING OF THE PLAYERS.

The Organization of the Hermitage Golf Club Will Cause a General Revival of Interest in the Game.

Comparitively speaking, golf is a new game in Richmond, having been played here only during the last four years, but in that time interest in the game has grown wonderfully, and the qualifying rounds played just this last week for classes in the annual fall tournament, at Lakeside, show plaining how the play has improved among the local goifers.

The scores made in these rounds surpassed those of any former season, and afford an accurate means by which the passed those of any former season, and afford an accurate means by which the general advancement in the game may be judged. In the quadriying rounds played last spring for entires to the tournament, those players making the eightsen holes in niny-eight were qualified in Class A, but this score was greatly lowered last week, when the same score scarcely admitted its maker to enter Class B, and Class A was reserved for scores between eighty-two and ninety-two. This shows certainly that the members of the Lakeside Club are learning the game, and not only that, but are developing its due points and becoming experts, ranking among the best in the South.

Those gentlemen entering Class A and thereby leading the golfers at Lakeside are: Messis H. S. Jones, W. T. Broome, W. H. Palmer, Jr., C. R. Burnett, F. W. Tower, C. T. Williams, Mayo Binford and W. D. Duke.

Of these Tower and Jones made the lowest scores, making the course in eightstate and delabyth the areas expectively.

scores, making the course in eigh-and eighty-three respectively. CLUB'S RECORD.

The cinb's record is held by Mr. Abe Warwick, who made the round two weeks ago walle playing with Mr. William Braid, lately of Baldimore Country Club, in the phenomenal scora 17. Mr. Braid however, made the course in the same, thus warm Mr. Warwick in the match. Another ever, made the course in the same, thus tying Mr. Warwick in the match. Another fact fluit goes to show the improvement in the players to be general is that out of the twenty-four entries in the qualifying rounds last week, twenty of them came between eighty-two and 191.

"Two years ago such scores would have been considered marvelous," remarked one of the members soon after the result was posted. "In those days." he continued.

orsted. "In those days," he continued, the very till those days, he continued, the over this course was about the best lone, and frequently the man who come in under 125 was congratulated and presented with a club; but things have changi, and I see right now some of these goif-'s will make Lakeside famous."

As the players are discussed at the club and on the Green's their strong and weak points are usually commented upon, and in this way a pretty good idea is gotten of the individual players and their merits or demorits as the case may be.

The average golf player is not a slient man, and though he does talk most fluently of his own game, he occasionally finds cause to comment on the other man, and by being present on these occasions one can get a line on the players.

Now, E. W. Tower, who was last year far down on the list, has played his way to the front, and in the qualifying rounds last week made the best net score, showing great improvement and skill. H. K. Ellyson, Jr., is generally considered the best from the tea holding the club record for driving, but his game is a little erratic, though this fault does not prevent his being considered among the best.

When it comes to playing the game through and through, W. H. Palmer and H. Stewart Jones, favorites, while Abe Warwick, C. T. Williams, Levin Joynes and C. R. Burnett are in the same class, J. T. Rutherfoord, W. D. Duke, P. W. Noland and B. O. Hill are playing good golf, and show marked improvement overlast spring.

of, and show marked improvement

last spring.

ELUB CUP WINNERS.

Those who have won the club cup since it has been the most coveted prize offered in the spring and fall tournaments are C. R. Burnett, H. K. Terry, Jr., C. T. Williams, H. W. Eilerson and W. H. Palmer, all of whom have improved greatly in their same since winners this honor, and have

all of whom have improved greatly in their game since winning this honor, and have developed strong points each scazon.

The fall terrorment at Lakes de is now in progress, and the scores being made are proving the best in the records of the cinb, it will probably close this week, and on Saturday. November 10th, the "Mixed Foursame" will be played.

By the number of ladies seen on the greens almost daily, during the fall it is quite evident that the game is gaming favor with them as well as the gentlement. Among those who are taking a most active interest in the game this fall are: Mesdames Levin Joynes and Abe Warwick, Misses Bosher, Domann, Atkins, Ellisson, Epps, Courtney, Coghill and Barney. They play the game well and will, no douby, thow great improvement in the present tournament. THE HERMITAGE CLUB.

THE HERMITAGE CEUB.

The organization of the Hermitage Galf Club has caused a general revival of interest in athletics in the city, and particularly in the game of golf, which now has a strong hold on the lovers of outsports.

chiarly in the game of golf, which now har a strong hold on the lovers of out-door sports.

In the general opinion of the local golfers its organization will in no wise injure Lakeside Chib, at has been suggested by some, but will rather have the opposite effect. In stimulating the game generally, Lakeside Chib, after many years of care and the expenditure of a large amount of money on the Huks, will be benefited. The links of this club were among the first laid off in the South, and are now in almost perfect condition, having been steadily improved.

The course of the Hermitage Chib, laid off within the last few weeks, is considered well arranged, and in the course of a year or more will (for it takes time to develop links) present greens over which goners will delight.

Plans for the club-house have been submitted and approved, and work upon its erection will be commenced at once. The building complete will cost in the neighborhood of \$3,690, and will be ready for occupancy by January 1st. For the last six weeks a force of twenty men have been at work on the grounds, removing the old frame buildings which have stood around the Auditorium. The new club-house is to be two stories, and through the centre will be a large hall. 36 by 50 feet, on either side of which will be alige reception rooms, furnished in elegant style. On the same floor is the dining hall and steward's room. The bath and locker-rooms will be below. There will be 250 lockers in the membership is limited to 250 men and 150 ladies. As far as the men are concerned, the limit has almost been reached, but as yet few ladies have applied. The dues for men. Ladies are admitted for one-half.

Mr. William Braid, of St. Andrew's, Scotland, lately professional in charge of the

one-half.

Mr. William Braid, of St. Andrew's, Scotiand, lately professional in charge of the Baltimore Country Cinb, has been engaged for the winter. Mr. Braid will have general supervision of the grounds will instance. general supervision of the grounds, and will instruct those who may desire to take lessons in the game.

The Stockton in Fine Trim. Mir. Trigg. Mr. Nelson and Captain Webster, of the Wm. R. Trigg Company, returned this morning, the trial of the Stockton having been postponed on ac-count of bad weather.

The beat is in fine trim, and after a Agents Wanted Throughout Virginia.

The limitary run made on Thursday, doubt is entertained as to her ability make the required, speed.

## NOTICE.

8-At 29th and Broad, East, from West Broad

9-At 1st and Main, North or South, from East or West Main.

Passengers will please ask for transfers at the time of the payment of the fare. Conductors will not be allowed to issue them thereafter. No transfers will be issued on free transportation, nor will transfers be issued by the Power Company to persons riding on transfers issued by the Traction

Passengers are particularly requested to see that their transfers are properly punched as to point of transfer and time. Conductors punching transfers in a rush will make mistakes at times, which can be easily corrected if their attention be called to them. This will take very little of the passenger's time and will save the companies a great deal of trouble.

## Washburn Guitars and Mandolins.

Maniy B. Ramos Co. 119 East Broad Street.
